## AppTudes Best iPhone And iPad Apps For Kids Of 2011 Awards

2011 is behind us, and there were so many amazing apps for children that came to the App Store. It's great that this sector runneth over, but some titles stand out above the crowd. So, here are AppTudes picks for the **top 10 Edutainment Apps** for the wee ones, and our **top 10 Digital Books** for kids too young for school right through to Junior High. We'd love to know your favorite children's apps from 2011, or your thought on ours, in the comments. There are too many good ones for any one list to do all the worthy offering, hiding in the tripe, to do the genres justice.
