"[Between The Lions](#)", a literacy show for youngsters hosted by PBS, announces their first ever iPad app in partnership with Kideo—[The Three Little Pigs](#). Intended for ages 3 to 7, this enhanced ebook allows young readers to follow along with the story using a "Read" mode that highlights each word as it is being narrated. Plus, budding readers can record their voice as they read the classic tale aloud. Play the role of the Big Bad Wolf in an interactive game called "Blow the House Down", where kids can blow down the house using their breath and tilting capabilities. Let the fun continue with five other educational games, including a matching game, puzzles, and a construction game. Available on [iTunes](#) for \$8, be on the lookout for other stories coming out soon!
